Issues:

- I. Minutes, Discussion: minutes from 10-19 and 11-02 approved.
- II. Gen Ed Report (Chris, Seth): No report.
- III. Portfolium (canvas representative Jake): Jake Kohl gave a brief presentation about Portfolium. His team has been working with Jamie with a focus on Assessment. Portfolium works on project-based assessment. Each assessment can be automatically added to the students' ePortfolio. The ePortfolio is "always available and not hidden behind an LMS". The ePortfolio has been designed to look very much like a LinkedIn profile. Jake also gave examples of the Pathway feature of Portfolium. Jake demonstrated how to build a new assignment, in Canvas using Portfolium, that can be used as an assessment artifact. He gave a quick tour of the back end of Portfolium. SLAT members discussed their thoughts on the Portfolium presentation.
- IV. Tech Skills update: Sam sent the link of the google doc file. SLAT needs to take a look at the document and make any necessary comments.
- V. Newsletter/Training videos/assessment workshop topics/moving forward: Tabled until next meeting.

VI. New business: none.
