Issues:

- I. Minutes, Discussion: approval of minutes will be moved to our next meeting.
- II. HLC discussion (Malone): VP Marc Malone discussed the work of a writing team for the Assurance Argument that will be submitted to HLC. SLAT is going to be part of the writing team for criterion 4. Marc and SLAT discussed how the writing/updating of criterion 4 would be managed. Marc discussed the idea of Culture of Evidence that has been more present in HLC conferences and presentations. Marc discussed adding all SLAT members to the Assurance Teams group. Regarding timelines, Marc would like the annotation and additions of bullet point ideas on criterion 4 to be done by January 2022. Sam noted that SLAT should ask all departments in August if they have any minutes or records of departments discussing changes made from assessment processes like program reviews. Sam asked what the timeline for compiling documents was and how the documents would be submitted. Marc mentioned the documents will be compiled in the spring of 2022 but not necessarily by January. Marc discussed one big change that came from the HLC conference in Spring 2021 was that HLC defined what co-curricular assessment means. Marc shared the definition of co-curricular assessment provided by HLC with SLAT and asked how this new definition would affect assessment at GCCC. Marc and SLAT discussed how the new definition could change the nonacademic assessment processes at GCCC. SLAT discussed how to proceed after this conversation with Marc. SLAT members will read through the last assurance argument before our next meeting. SLAT will discuss the plan to continue working on the assurance argument in our next meeting.

- III. In-services: Discussion of the agenda for in-service will be moved to our next meeting.
- IV. New business: Sam asked if SLAT has looked at what reports have been submitted in Spring 2021. SLAT divided the different departments amongst SLAT members to be able to check all submissions.
