- O Barb Larson's Developmental Reading class has been working on Locating Information (Reading charts, graphs and maps) to improve on that skill on their WorkKey exit exam. Also she is starting to work on the skill of critical thinking which will be an embedded assessment taken within the class. This will be done with using the GPS (Global Positioning System); student will use inferences to figure out clues to solve the problems.
- o Marsha Wright's: The Literature 240 Creative Writing class of Spring 2007 created and compiled Garden City Community College's first literary anthology Carpe Verbum. The 40-page, black-and-white anthology featured juried works written by the creative writing students and juried photographs taken by the creative writing students as well as a GCCC staff member. The goal for Carpe Verbum 2008 is to feature juried works of students, faculty, and staff campuswide. The college has budgeted \$1,000 to out-source the anthology in order to publish a slick, perma-bound, 60-page anthology. The English Department is also working to establish a GCCC tuition scholarship for a "winning entry" to be featured in Carpe Verbum 2008. For Spring of 2009, Dave Kinder and Marsha Wright are working together to showcase the literary works and photography of Carpe Verbum 2009 in a special presentation within Mercer Gallery. The Garden City community and its leaders will be invited to this showcase event, which will help promote the academic quality at GCCC.

Garden City Community College is also reinstating the Literature 242 Advanced Creative Writing course in Spring 2008. Several students who were enrolled in the Creative Writing 240 Spring 2007 course expressed the desire for this advanced course to be active on campus. By offering this advanced course as well as by scheduling the Creative Writing course in the evening, GCCC is providing the opportunity for Garden City citizens as well as citizens from nearby communities to participate in a quality writing course that will help them discover and fine-tune their skills.

- o Tammy Hutcheson and Winsom Lamb have revived the KNEASP organization and GCCC had 8 participants in the KSU Summer Institute.
- September 29, 2007 was our first ever PPST Educational Symposium. We did this on the campus of GCCC in conjunction with DCCC and SCCC. It was a preparation day for all educational majors ready to begin their move into the school of education of their choice. The morning started off with a good breakfast for everyone, a talk on test anxiety and then at 9:00 we had Ryan Ruda come in and give a practice PPST exam to all students. After almost 3 hours of testing, we gave the results back to the students so they were aware of their success and difficulties in certain areas of the exam. We also had handouts about where to study on line and what books are now available on reserve at our individual campuses. Our books for study have been placed on reserve in the Saffell Library.

Each exam cost each college \$36.00 per person, food, and stipends were also paid per college. This expense was taken care of through the Teaching and Equity Grant with K-State. Faculty from K-State was also here that day to answer questions about the PLT teaching exam and the Praxis II (content exam) that students will take upon completion of their 4 year degree.

Here are the numbers for those attending: GCCC = 27 students SCCC = 20 students and DCCC = 32 students

We are continuing to monitor these students' success with their true PPST test scores and also their PLT and Praxis II.

We hope to offer this workshop again in the spring 2008.

KIDS OF THE GREAT SOUTHWEST CONFERENCE was held on Oct 6,2007 This was our 20th annual conference. We had 82 registered child care providers. Key note speaker was Amy Spiedel from Missouri speaking on "Conscious Discipline." Break-out sessions were: Jodi Iguanza from the Garden City SRS office speaking on "Child Abuse and Neglect"; Stephanie Keller from GC Head Start speaking on "Movement and Fun for all Children"; Carol Trout from Russell Child Development Center talking on "Communication with Babies"; and GCCC Creative Experience Class (Shelia Hendershot, Instructor)--Class members offered ideas for active exploration and concrete experiences for young children.

Something NEW: Shelia Hendershot was appointed by KDHE Secretary Rod Bremby to serve on a new state team.....This team consists of about 25 individuals from across the state. Our purpose is to update and improve the regulations and make necessary process

improvements in Child Care Licensing in Kansas. This group has been identified as the STATE HHS "BEST TEAM" (There are only three community colleges represented on this team....Cloud County, Butler County, and Garden City)

We met in Wichita on Oct 17 for the initial Team meeting.....then KDHE held ten Listening Tours across Kansas. Garden City hosted one such tour on Oct 24. We had a turn-out of about 67 child care providers, parents and city leaders attend.

The Listening Tours are over and we will now meet on Nov. 5 in Topeka to begin our work of sorting through comments and ideas. This will be a 2-3 year commitment.

PHI THETA KAPPA (PTK) members and advisor attended the 87th annual Phi Theta Kappa International Conference in Nashville, Tenn. last April 2007. Speakers Kevin Sharp (Country Western Singer and Cancer Survivor) and Al Gore were among the highlights of the convention.

To help Beautify America, PTK members have sold flower bulbs on campus and are ready to start a campaign of selling trash bags made from recycled materials. Last Spring PTK members were on board with Better World Books, which is collecting used text books that cannot be resold to the bookstore and sending them to needed communities around the world. This activity benefits others as well as keeping those books out of our city dumps.

REPORT FROM STUDENT GOVERNMENT ASSOCIATION

Natasha Duncan, SGA President, distributed a handout detailing SGA's activities during the past month; she shared the following highlights:

- o Constitution Day was held on Sept. 17 and was successful!
- o Breakfast Bingo was held on Sept. 27; 85 students attended!
- Homecoming Week was a big success and several special events were held, including: Blizzard of Bucks (200 students), Craziest Fan Contest, Bonfire (100 students), Duck Soup Softball; BBQ (160 people), and more. The football team won the game against Independence, and JR Bryan and Katie Lies were named Homecoming King and Queen.
- Upcoming events include: Pumpkin Carving Contest, Nightmare on Main St., Halloween Party/Costume Contest/Casino Night, and Quit Kit Day where SGA members will distribute quit smoking kits.

REPORT FROM EDUCATIONAL TALENT SEARCH

Ballantyne introduced Deborah Berkley, Director of Educational Talent Search, who then explained that Educational Talent Search (ETS) was a federally funded TRiO program designed to assist middle school and high school students in acquiring the necessary skills and knowledge to graduate from high school. The program also helped students who were traditionally underrepresented to explore educational opportunities. ETS provided academic, career, and financial counseling to its participants in an effort to encourage them to stay in school, graduate from high school and continue on to the post-secondary institution of their choice.

Berkley then introduced Amy Heinemann, ETS Advisor, who "coached" several ETS students in designing websites for the national ThinkQuest competition. Three teams then presented highlights from the project and asked Trustees to view their actual websites on laptop computers after the meeting. The teams were:

Michelle Hernandez Against Animal Cruelty

Long Tran / Maria Espinosa Modern Fashion

Noe Garcia / Brandy Seibert Virtual Surgery (semi-finalist in competition!)

The students stated that the ETS program had certainly given them the opportunity to participate in new, positive experiences; they were happy to be involved in the program and believed that they were better people for it!

Trustees thanked the students for their hard work and encouraged them to come to GCCC when they graduated from high school. Because of their lengthy agenda tonight, Trustees told the students that they would look at their websites after the meeting.

CONSENT AGENDA

Chair Douglass asked if Trustees wished to pull any items on the Consent Agenda for the purpose of discussion; no one did, so she asked for a motion to approve the Consent Agenda as presented.

MOTION: Worf moved, seconded by Clifford, that the Consent Agenda items be approved as presented. Motion carried 5-0.

POLICY REVIEW

MONITORING REPORTS and ENDS REPORT

Trustees indicated that they had received and reviewed the monitoring reports (monthly, quarterly, semi-annual). Trustees asked appropriate questions regarding the reports, especially the semi-annual reports detailing Essential Skills, Work Preparedness, Personal Enrichment, and Workforce Development (Academic Advancement will be presented next month). Trustees also noted that they very much appreciate these comprehensive reports; even though they may not ask questions about all of them, they wanted staff to know that they do read them and do try to digest the multitude of information. After discussion, Douglass stated that the monitoring reports were accepted as presented.

OWNERSHIP LINKAGE

Trustees received several pieces of correspondence from owners expressing their appreciation for various college activities: (1) thank you note from KSU Southwest Research Extension Center for the use of the buses; (2) email praising the Meats Judging program; (3) thank you note from the Chamber of Commerce for GCCC hosting the After Business Hours Reception; and (4) thank you note from Pittsburg State University.

BOARD PROCESS AND POLICY GOVERNANCE REVIEW

Trustees reviewed calendars in an effort to set a date for a Board retreat to discuss strategic planning and policy governance review. Because of numerous scheduling conflicts, consensus was to have this retreat on a Saturday morning in January.

REPORTS

PRESIDENT CAROL E. BALLANTYNE noted that Trustees had received numerous informational reports. A complete report is filed in the electronic Board packet.

- <u>Incidental Information</u> highlighted recent campus happenings
- FISAP Report (financial aid)
- Food Service Report GCCC has contracted with Compass, Chartwells Food Services, since 1992; the current agreement expires on June 30, 2008, so we will be seeking bids for a new contract. Actual catering sales for 2007 were \$144,101 and board plan sales were \$433,267, with a profit of \$13,111.
- <u>Bookstore Report</u> Follett Higher Education Group has operated the bookstore since November 1, 1997; the current agreement expires on October 31, 2010. GCCC receives a 5% commission on book and supply net sales; this past year, that commission was \$37,704.
- Moneysmart Camp GCCC hosted this special event on September 12
- Ballantyne shared several informational comments, including:
 - -- the campus phone system would be out of service part of the day Friday for upgrades
 - --a recent newspaper report incorrectly indicated that the college was spending \$170,000 for sidewalk repairs, when the actual amount was \$17,000
 - --the college had received an Impact training grant (Department of Commerce) and would be working with Palmer Manufacturing on training welders

UPDATE ON REMODEL OF DIRECTOR OF RESIDENTIAL LIFE APARTMENT

Ballantyne discussed the plans for the remodel of the Director of Residential Life apartment (see attached floor plans). Blaine Davis (Architecture Plus) is working on the specifications and drawings to expand the director's current living space as well as an alternate bid to

develop the south end of the building into two efficiency apartments. The bids will be opened on November 12, and will be presented to the Trustees at the regular Board meeting on November 14.

REPORT FROM ACCT LEADERSHIP CONGRESS IN SAN DIEGO, SEPTEMBER 25-29

Douglass asked those who attended to share one or two highlights:

- O Schwartz distributed a handout summarizing the sessions he attended and encouraged Trustees to read it at their leisure. He noted that one speaker explained that the state of California alone had \$140,000 bachelor and master degree graduates now enrolled in community colleges in order to learn viable job skills.
- Worf shared information from an information technology session that discussed ways people under 30 years of age accessed information—primarily via websites—and the importance of GCCC keeping up with this type of technology.
- O <u>Daniels</u> shared that she enjoyed learning new ideas from her counterparts in an effort to do her job better. A special highlight this year was having Pam Perkins, Administrative Assistant to the President/Clerk of the Board from Seward County Community College, serve as president of the Professional Board Staff! Another thing... GCCC can be very proud of taking the leap to electronic Board packets!
- o <u>Ballantyne</u> stated that several of the workshops she attended reaffirmed the importance of GCCC needing to help Latino males (and their parents) understand how important education is.
- O <u>Douglass</u> said that several of the workshops she attended discussed opportunities that community colleges could provide to those students who had dropped out of high school. Another highlight was celebrating with former Trustee Lauren Welch when he received his ACCT Lifetime Member Award!

REPORT FROM AQIP STRATEGY FORUM

Brandenburger and Ballantyne gave highlights from the recent AQIP Strategy Forum held in Chicago. In short, the forum was "grueling," diligent, and educational. The AQIP team agreed that steps needed to be taken to improve campus communication, and plans were being made to accomplish this by more closely aligning the college's major organizational divisions, changing the internal governance structure to match the AQIP action projects, employee training, stronger identification of committee roles, and more. GCCC is scheduled to have a site visit in 2 to 2 ½ years, so much work will be happening so we'll be prepared and have things in place well before then.

REPORT FROM FINNEY COUNTY ECONOMIC DEVELOPMENT CORP. Trustee Schwartz reported the following:

- o Thanked Steve Quakenbush for his assistance in writing letters to various people supporting the Sunflower air permit application
- o NACO planned to make a formal announcement soon regarding its re-opening

- o Several other potential businesses were still considering coming to Garden City/Finney County
- o FCEDC was making plans to encourage the surrounding rural areas to *work together* on economic development vs *competing* with each other

MEETING OF TRUSTEES OF THE GARDEN CITY COMMUNITY COLLEGE

October 17, 2007

The Board of Trustees met in special session at 5 p.m. on October 17, 2007, in the Conference Room, Student and Community Services Center, community college campus.

Trustees Present: Merilyn Douglass, Ron Schwartz, Bill Clifford, Terri Worf,

Della Brandenburger

Trustee Absent: Steve Sterling

Others Present: Beth Tedrow, Dean of Student Services

Steve Quakenbush, Director of Information Services & Publications

Darla Daniels, Deputy Clerk, Board of Trustees

Emily Behlmann, Garden City Telegram

Chair Douglass called the special meeting to order. She stated that the special meeting had been called to approve the joint resolution with the governing bodies of Finney County and the City of Garden City expressing support for the Sunflower Electric Power Cooperation/Tri-State Electric Generation expansion project in Holcomb. Douglass stated that the City and the County had approved the resolution at their respective meetings held earlier this week, and that Kansas Department of Health and Environment (KDHE) Secretary Rod Bremby planned to release a decision at 3 p.m. tomorrow regarding licensing of the proposed two 700-megawatt coal fired power plants near Holcomb.

Trustees had previously received a copy of the resolution (attached as a part of these minutes). Chair Douglass opened the floor for discussion. Trustees made comments indicating that they felt that GCCC should support the joint resolution and agreed that we needed to know why it had taken so long to make a decision regarding the air quality permits. Trustee Clifford stated that he wished the language in the resolution "was even stronger" because no one really knows what the delay has cost southwest Kansas in terms of economic development. After discussion, the following motion was made:

Schwartz moved, seconded by Clifford, that the Board of Trustees approve the joint resolution (No. 29-2007) with the governing bodies of Finney County and the City of Garden City urging Kansas Department of Health and Environment Secretary Bremby to issue the necessary air quality permits that would allow Sunflower Electric and Tri-State to begin the process of preparing for the project to begin construction in early 2008. Motion carried 5-0. (copy of resolution attached as a part of these minutes).

Chair Douglass noted that the date on the section for the college's signature should be changed from the " $\underline{15}^{\underline{th}}$ day of October" to the " $\underline{17}^{\underline{th}}$ day of October." (Note: The City and the County meetings were held on October 15.)

There being no further business, meeting adjourned at 5:13 p.m.

RE: Telephone service

The college agreement for phone service is up for renewal. The previous five-year agreement was with United Communications Association for ATT SmartTruck (PRI) service.

A Request for Proposal was sent to phone service providers in our area. Proposals were submitted by United Communications in Dodge City and Nex-Tech in Hays. Both companies proposed AT&T phone service.

United Communications bid the phone service at \$843.50 per month, which was \$281.00 lower than the Nex-Tech bid at \$1,124.50 per month. The new bid received by United is \$348.50 per month less than our current monthly rate.

I recommend the college accept the bid from United Communications and enter into a 36-month agreement for phone service.

TERMS AND CONDITIONS

The following terms and conditions apply to the Services subscribed to by Customer under this Agreement.

1. Definitions

"Cutover" is when the Service is first provisioned or otherwise available for Customer's use at any single Site at the rates provided in this Agreement.

"Service Component" means an individual component of a Service provided under this Agreement.

Tariffs, Guidebooks, Catalogs and AT&T Business Service Agreement (BSA). "Tariffs" are documents containing the standard descriptions, pricing, and other terms and conditions for a Service that AT&T files with regulatory commissions. "AT&T Business Service Agreement", "Guidebooks" and "Catalogs" are documents containing the standard descriptions, pricing, and other terms and conditions for a Service that were, but no longer are, filed with regulatory commissions. Tariffs and Catalogs may be found at http://www.att.com/search/tariffs.jsp. In some states, the "AT&T Guidebook" and "AT&T Business Service Agreement" constitutes the "Guidebook" or "Catalog" applicable to the Service(s) and the AT&T Business Service Agreement and AT&T Guidebook shall be treated as a "Guidebook" or "Catalog" for purposes of this Agreement. The AT&T Business Service Agreement and AT&T Guidebook may be found at http://www.att.com/gen/public-affairs?pid=9700.

- 2. <u>Description of Service</u>. The Services described below are provided solely by the AT&T entity identified above and are not jointly provided with any other carrier. Service(s) are provided pursuant to the terms and conditions set forth in the appropriate Tariff. Guidebook. Catalog. or BSA.
 - A. Primary Rate Integrated Services Digital Network (ISDN): SmartTrunk® Service: Service provides a multipurpose high speed, multiplexed digital interface based on International Telecommunication Union (ITU) Integrated Services Digital Network (ISDN) standards. The circuit location must be at a valid customer premises address. A customer premises address may not be a location at a Carrier Hotel or a Co-location cage within an AT&T Central Office. SmartTrunk Service uses Primary Rate Interface (PRI) technology. Service is provided where facilities are available from Customer's premises to AT&T's circuit-switched voice and circuit-switched data services via 1.544 Megabits per second (Mbps) central office (CO) termination. The CO termination connects by way of 23 64 Kbps "B" channels and one 64Kbps "D" channel. The "D" channel performs out-of-band signaling and controls the "B" channels. The transmission characteristics of this Service support 64Kbps clear channel capability and Extended Superframe Format (ESF).
 - B. Calling Line Identification ("Caller ID"): Allows the number of the calling party to be delivered to the called party.
 - C. Direct Inward Dialing Telephone Numbers 100# Block ("DID numbers") is furnished subject to the availability of telephone numbers. AT&T retains its rights to the administration and use of telephone numbers as described in the "Rules and Regulations Applying to All Customers' Contracts" section in the applicable state General Exchange Tariff. DID numbers must be provided on all lines in an exchange access line group arranged for inward service.
 - D. Use of Service. Customer agrees that the Service will only be used to transport the voice and/or data traffic of Customer and its Affiliates, and not to originate or terminate voice traffic to bypass switched access charges as defined by applicable state and federal telecommunications law. Customer understands that this covenant is an essential part of the undertaking by AT&T herein, and that AT&T is relying upon Customer's covenant as an inducement to sell the Service. Customer agrees to compensate AT&T for any switched access charges that AT&T is obligated to pay, or entitled to collect, as a result of Customer's use of the Service, and Customer further agrees that this obligation to compensate AT&T shall not be capped or limited. As used herein the term Switched Access, generally speaking, means the charges that a long distance company is required to pay to a local telecommunications company for the termination or origination of long distance calls to or from a customer whose phone is connected to the local telecommunications company's local switching network.
- 3. <u>Term.</u> For the Service(s) offered under this Agreement, the Term shall begin on the later of (1) Cutover of the first Service at the first Customer Site, or (2) the date of approval of this Agreement by an appropriate regulatory body, if regulatory approval is required for this Agreement for the Service(s) ("Cutover Date"), and will continue for the Term as selected by Customer above. For any Service provided under this Agreement, upon expiration of the Term, Customer will have the option to either (a) cease using the Service or (b) continue using the Service on a month-to-month basis until the Service is terminated by either party on thirty days' notice. Unless otherwise agreed by the parties in writing, during the month-to-month extension period following the expiration of this Agreement, the prices for the Service provided under this Agreement will automatically be the then-current month-to-month

- **4.** <u>Pricing.</u> The rates and charges stated in this Agreement are stabilized until the end of the Agreement, and apply in lieu of the corresponding rates and charges set forth in the applicable Tariff, Guidebook or Catalog. Except as otherwise provided herein, no other discount, promotion, credit or waiver set forth in a Tariff, Guidebook or Catalog will apply.
- 5. <u>Billing and Payments</u>. Customer will pay AT&T (i) the Monthly Charges and Non-recurring Charges set forth herein, and (ii) applicable taxes, surcharges, and recovery fees (including universal service fees), and customs and duties. Customer's obligation to pay for all Services will begin upon Cutover. AT&T will invoice Customer for the Services on a monthly basis. AT&T may require Customer to tender a deposit if AT&T determines, in its reasonable judgment, that Customer is not creditworthy.

Payment is due within 30 days after the date of the invoice and must refer to the invoice number. Charges will be quoted and must be paid in the currency specified in the invoice. 7. Tariff and Regulatory Regulations.

This Agreement may be subject to the jurisdiction of a regulatory commission and will be subject to changes or modifications as the controlling commission may direct from time to time in the exercise of its jurisdiction. Therefore, for this purpose, this Agreement will be deemed to be a separate agreement with respect to the Service offered in a particular jurisdiction.

AT&T will, subject to the availability and operational limitations of the necessary systems, facilities, and equipment, provide the Service pursuant to the terms and conditions in the Tariff, Guidebook or Catalog. This Agreement may be filed with the appropriate state commission. If approval is required and not obtained, then this Agreement will immediately terminate, and Customer shall receive a refund of any non-recurring charge paid and pre-paid amounts for Service not received.

8. Installation and Cutover.

If Cutover Date is delayed due to changes, acts, or omissions of Customer, or Customer's contractor, or due to any cause commonly referred to as force majeure, AT&T shall have the right to extend the Cutover Date for a reasonable period of time equal to at least the period of such delay and consequences.

All equipment, facilities and lines furnished by AT&T are the sole property of AT&T and are provided upon condition that they will be installed, relocated, removed, changed and maintained exclusively by AT&T as it deems appropriate in its sole discretion.

If Customer terminates a Service or Service Component prior to the date Customer's obligation to pay for Services begins, Customer will reimburse AT&T for time and materials incurred prior to the effective date of termination, plus any third party charges resulting from the termination.

Services may include use of certain equipment owned by AT&T that is located at the Site ("AT&T Equipment"), but title to the AT&T Equipment will remain with AT&T. Customer must provide electric power for the AT&T Equipment and keep the AT&T Equipment physically secure and free from liens and encumbrances. THIS FIREFIGHTER TRAINING TOWER INTERLOCAL AGREEMENT (Agreement) made and entered into this _____ day of ______, 2007, by and between the CITY OF GARDEN CITY, KANSAS (CITY), a municipal corporation, and the GARDEN CITY COMMUNITY COLLEGE (GCCC).

WHEREAS, it is the desire of CITY and GCCC to make the most efficient use of their powers by cooperating to provide services and facilities in a manner and pursuant to forms of governmental organization that will accord best with geographic, economic, population, and other factors, influencing the needs and development of the community; and,

WHEREAS, CITY and GCCC have expressed a desire to cooperate in the construction, use, operation, and maintenance of a firefighter training tower (Tower) and ancillary facilities to be located on the southwest corner of the GCCC campus.

NOW THEREFORE, in consideration of the terms and conditions set forth below, the parties agree as follows:

- 1. <u>CONSTRUCTION OF TOWER.</u> GCCC grants the right to CITY to construct the Tower on real property owned by GCCC, located at the southwest corner of the GCCC campus, as more particularly described in Exhibit A, attached hereto and incorporated herein. CITY shall be responsible for all expenses associated with design and construction of the Tower. The parties shall confer on the proposed design to insure that the Tower meets the needs of both CITY and GCCC. Should a party determine that it requires improvements, alterations or additions to the Tower, it shall be solely responsible for the expense of all such improvements, alterations or additions, and it shall give prior notice and acquire the consent of the other party before initiating any such improvements, alterations or additions.
- 2. <u>MAINTENANCE AND REPAIRS.</u> GCCC shall be responsible for all maintenance and repairs for the Tower. Maintenance and repair shall be performed to a standard acceptable to both parties. If GCCC must perform any maintenance or repairs due to damage caused by the negligence of CITY, its agents, employees, or others acting with, or under the authority of, CITY, then CITY shall be responsible for all costs and expenses associated with such maintenance or repairs.
- 3. <u>OWNERSHIP OF TOWER.</u> Upon completion and acceptance of initial construction of the Tower, the Tower shall be owned by GCCC.
- 4. <u>INSURANCE.</u> GCCC shall maintain general liability and casualty insurance on the Tower. CITY shall maintain general liability insurance consistent with its use of the Tower.

- 5. <u>INDEMNIFICATION.</u> Each party shall indemnify and hold harmless the other party, for any property damage, personal injury or death that might occur as a result of a party's use of the Tower.
- 6. <u>TAXES.</u> While the parties contemplate the Tower shall be exempt from real property taxes and other assessments, GCCC shall be responsible for any taxes and other assessments, associated with ownership and/or use of the Tower. Neither party shall use the Tower in a manner, or take any action, to negatively impact the tax exempt status of the Tower.
- 7. PRIORITY FOR USE. GCCC shall be responsible for scheduling use of the Tower, as well as ancillary facilities. GCCC and CITY shall periodically, and on a consistent basis, consult on scheduling use of the Tower. CITY, through the Garden City Fire Department (GCFD) shall have first priority over scheduling use of the Tower. GCCC shall have second priority in scheduling use of the Tower. After the schedule for use of the Tower has been established for a period of time, CITY will not be allowed to interfere with a scheduled use by GCCC. All other parties' use of the Tower shall be subject to availability. GCCC shall take no action to interfere with, or cause CITY to lose, CITY's use of the Tower during the useful life of the Tower.
- 8. <u>DESTRUCTION OF TOWER.</u> Should the Tower be destroyed by fire or other casualty, GCCC agrees to use insurance proceeds to rebuild the Tower to the condition it was in prior to destruction. If, for some reason, GCCC decides that it will not rebuild the Tower following its destruction, the parties shall reach an agreement on the value of the Tower prior to date of destruction. Thereafter, GCCC shall pay to CITY, out of insurance proceeds, the value agreed upon by the parties, taking into account the original construction costs of the Tower and any improvements made to the Tower by GCCC prior to date of destruction.

Subject: Disposal of Assets

Date: November 5, 2007

At the July 2007 Board meeting, the Board of Trustees approved the demolition of the property at 1718 Mikes Drive. At that time, the property was being rented and we anticipated a spring demolition.

The rental property at 1718 Mikes Drive has now been vacated and I would like to move ahead with that demolition. I am requesting permission to seek bids for the demolition of the structures at that location and the remaining property be graded.

I would also like permission to dispose of two vehicles currently being used by the EVOC program. The vehicles will not be sold as drivable vehicles, but will be disposed of as salvage. The vehicle information is as follows:

1989 Crown Victoria VIN# 2FABP72F4KX156809

1989 Crown Victoria VIN# 2FABP72\$KX156811

These vehicles are being replaced with two vehicles donated to Garden City Community College by the City of Ulysses Police Department. The donated vehicles are a 1996 Crown Victoria & 1997 Crown Victoria.

ENDS: SEMI-ANNUAL

Academic Advancement

Students desiring academic advancement will be prepared for successful transfer to other colleges and universities.

- #1 Students will have the appropriate knowledge of transfer requirements.
- #2 Students will have the academic prerequisites sufficient for successful transfer.

The Academic advancement ENDS continues to be one of campus wide commitment in order for our students to experience optimal success in their transfer to four-year universities/colleges. Our former students continue to make us proud as GCCC receives the student transfer data from the Kansas Regent universities. The data continues to support the college's accomplishment of meeting the academic goals in preparing our students for successful transfer opportunities.

Former students transfer all across the country; however, it is difficult to gather meaningful transfer data from these institutions because of the limited number of GCCC students at any one college/university. Because the majority of our students do transfer to Kansas Regents universities, the statistics allow us favorable comparisons with the other Kansas Community Colleges.

In an attempt to determine the academic successes of a larger number of these students, the college continues to send surveys to those students who did not return the following fall semester. For the first time, the admissions department has prepared an electronic survey instrument to send to our former students with the hopes of increasing the number of responses. The ten question survey will be posted on an electronic media, www.surveymonkey.com; the responses will be linked to our website and may be returned by either e-mail or by the website. A hard copy will also be made available for their responses.

Garden City Community College, along with 91% of colleges/universities across the country, partners with the National Student Clearinghouse in a variety of programs to assist us in providing services to our former as well as currently enrolled students. The services include assistance with student loans, enrollment and degree verifications, student self-service and transcript ordering services. With the assistance of our IT staff, the college will be expanding our student data to include four additional fields. With this expansion we will be able to accurately determine where our students (both full-time and part-time) have transferred, if they are still enrolled at another institution, whether or not they have completed baccalaureate/professional degrees including the major area of study and when the degrees were earned/awarded. This data will strengthen the knowledge of

the academic successes of the majority of our transfer students. The college's instruction and student services staff will greatly benefit as we continue to search for ways to assist our students to effectively achieve the expected Academic Advancement Outcomes. Improvements continue rapidly through the combined efforts and commitment of both groups. The spring 2007 transfer data follows.

Additional information furnished by Regents Universities

- ESU, KSU and WSU also provide a course-by-course success analysis comparing former GCCC students with other community college transfers and other undergraduate college students. (Not available from WSU for spring, 2007)
- At ESU, GCCC students' mean GPA's in 15 out of 31 selected classes, was slightly higher that other community college transfers and the native students.
- At KSU, GCCC students' mean GPA's in 19 out of 44 selected classes was slightly higher than other college/university transfer students.

- Wichita State University's Graduation Rate of degree-seeking first-time full-time freshmen for the reporting cycle beginning fall 2000 and ending June 30, 2006, (six years) was 35 percent. New Kansas community colleges transfers (with 48-66 transfer hours and a 2.500 or better grade point average), who started at WSU two years later, had a 55 percent graduation rate by June 30, 2006.
- PSU provides data on graduates by major. The following information is for the 2006-2007 Academic Year:

GCCC	<u>GPA</u>	<u>GCCC</u>	Other CC	Native Students
Auto Tech Biology-Med. Tech Construction Mgmt.		3.268	2.853 2.871 3.045	2.833 NA 2.809

- FHSU has established a direct link to their website which allows GCCC advisors and students to pull up curriculum guidelines specific to GCCC. The link also allows for pulling up individual programs at FHSU and check how GCCC courses transfer. This is a good tool for GCCC advisors working with students transferring to FHSU to show which courses are required in specific programs.
- KSU and KU are also preparing major curriculum guidelines for the transfer student to have adequate knowledge of the course requirements for specific programs.
- WSU prepares a specific transfer guide for each individual Kansas Community Colleges transfer students. Other Regent universities prepare transfer guides for all community college transfer students.

Graduation Rate Survey

Fall semester 2003, 388 full-time, first time, degree/certificate-seeking students entered Garden City Community College. Three years later (spring, 2007) the college completed the Graduation Rate Survey as required by Federal regulations. The college must disclose completion or graduation rates of these students to all students and prospective students. The report also must include graduation/completion rates of those students receiving athletically related student aid by sport and categorized by race/ethnicity, and sex. The data must be disclosed to all potential students; thus this data is listed in the Student Handbooks and the College Catalog. Copies of this survey are available at the Admissions office and the Athletic Director's office.

The survey collects data on each entering Cohort Group and follows their progress 150% of the normal time to complete their programs of study (3 years for programs 2 years in length). Allowable exclusions before the rates are calculated include:

- Student is either deceased or permanently disabled
- Student left school to serve in the military
- Students left school to serve with a foreign aid service of the Federal Government (Peace Corps, etc.)
- Student left school to serve on an official church mission

Reported statistics for the 2006-07 Graduation Rate Survey (GRS) are as follows:

Summary of the Graduation Survey (GRS)

Cohort Total

200

The Graduation Rate Survey (GRS) for the 2003 cohort group of full-time, first-time degree/certificate seeking students is a part of the "Students Right-to-Know" requirements. The cohort group consisted of 388 students. Summary statistics include the following information:

388	Conort Total
4% (14)	Total Exclusions
0% (2)	Deceased
0% (2)	Service
374	Revised Cohort Total
3% (12)	Completed 1-year Certificate Programs
33% (125)	Completed 2-year Programs (graduated)
40% (148)	Transferred (non-completers)
16% (60)	Work
4% (18)	Unable to locate
4% (16)	Continuing at GCCC
	MFN

, ,	MEN	WOMEN
	56% (211)	44% (163)
Completed 1 year Certificate Programs	0%	7% (12)
Completed 2 year Programs (graduated)	32% (67)	36% (58)
Transferred (non-completers)	46% (98)	31% (50)

Of the non-returning students, excluding completers, 34% (50) were not making satisfactory academic progress (cumulative grade point average < 2.0). These students were not eligible for financial aid, athletic competition, other grant-in-aid assistance or scholarships. This was definitely a contributing factor to their not returning for the next semester.

The 2006-07 report indicates that 73% (an increase of 5% from the previous year) of the entering cohort group was considered successful completers. These statistics will be shown to prospective students and parents, as required by federal regulations. This is a positive indicator that our students are prepared for successful transfer to other colleges and universities as well as being successful completers of GCCC programs of study.

On November 10, 2007, we will celebrate our ten-year anniversary of serving the Garden City Community College community with bookstore services.

We appreciate the trust and confidence that you have placed in Follett to support your academic programs. Our success has been achieved from your sustained guidance, the cooperation of your faculty, and loyalty of your students who see the bookstore as a campus destination. Our excitement for the future is derived from a commitment to a well-merchandised store with new products, enhanced services, and the latest technologies that will further provide customer satisfaction. Our staff will continue their hard work to meet or exceed the expectations of your faculty and students.

We thank you for inviting us to be an educational partner on your campus and look forward to serving the needs of Garden City Community College for years to come.

Sincerely,

Shark you very much for giving me the Liptime Membership award from ACCT. I am honored and flattered by your Kindness.

GCCC is lucky to have each of you as a Trustee. I always enjoyed being on the Board, and hope I have contributed to the successes of GCCC. Lauren

We will be admitting up to 20 students in January.

Tom Brungardt has been hired as full-time GCCC Welding instructor. His ten years of welding experience with the Navy, as well as industry and entrepreneurship experience will be an asset to designing modular welding training customized for local industries, including Palmer Manufacturing & Tank, Inc. Tom will assist us in the development and delivery of both customized and traditional welding training.

GCCC was awarded a **Perkins Reserve grant** in the amount of \$70,275 to create an *Adult Basic Education (ABE) Career Connections* system that:

- increases access and opportunity for underserved students to successfully transition to postsecondary Career and Technical Education (CTE) programs by removing barriers and creating seamless transition to workforce preparation programs and employment in high skills/high pay/high demand careers
- provides Industrial Maintenance/Welding training that prepares students for and transitions them to high pay/high skill/high demand positions in western Kansas
- promote the education/career ladder in Industrial Engineering Technology

The *ABE Career Connections* system will use a career pathways approach to support ABE (GED and ESL) students who are served by the GCCC Adult Learning Center. Many of these adult students do not understand that there are financial, counseling, and academic resources available to them to achieve an education that leads to a high demand, high skill, and high wage career.

Although all Career and Technical Education (CTE) programs will be available within the *ABE Career Connections* system, the focus will be to transition adults into the Industrial Manufacturing/Welding Technology program. Local industry partners have indicated a **serious shortage of employees who have the basic industrial maintenance/welding skills to enter employment.**

This project will use career pathways as a framework for **decreasing the barriers into postsecondary education by developing strategies and activities that support a much needed transition.** Activities will provide a series of connected career awareness, exploration, education and training activities, and support services that enable individuals to secure entry level employment in manufacturing and/or fabrication industries and advance over time to highly skilled levels of employment.

WIA Adult and Dislocated Worker and Youth Vision funds will be used to provide financial support to students who wish to enroll in training in the Industrial Maintenance/Welding Technology program. In addition, industry partners will be encouraged to use **WIA OJT dollars** to assist with employee recruitment and training.

As part of the grant, two hundred students will take the **WorkKeys assessments** -- Reading for Information, Applied Mathematics, and Locating Information – and those who achieve a score of 3 in all levels will be awarded a Bronze Kansas Work*READY*! Certificate; those who score a 4 will be awarded a Silver Kansas Work*READY*! Certificate; and, those who score a 5 will be awarded a Gold Kansas Work*READY*! Certificate. These certificates will identify students' levels of skills in each academic area. The Board will be asked to approve the agreement that will support the award of Work*READY*! certificates.

Marvin Wipperling, former GCCC Ammonia Refrigeration instructor, has been hired to teach in the Industrial Maintenance Technology program which includes both **the Finney County center of excellence partnership courses and development and delivery of the BPI Inc. and Tyson Fresh** Meats partnerships to new train industrial maintenance technicians.

Dr. Lauren Welch has resigned his position as **Program Director of the Paramedic program**. Dr. Welch has provided strong support and guidance to the program's instructors and students over the past several years. His leadership and wisdom will be missed.

During the 2007-08 academic year students enrolled in the Allied Health Center of Excellence at GCHS will able to enroll in **GCCC's Medical Terminology and First Responder** classes and earn dual credit. These classes will be offered in addition to the CNA/HHA dual credit classes that are currently available during the school day to GCHS students.

As part of their course evaluation, **Paramedic students were asked to write about their experience** as a GCCC Paramedic student. This article, which provides a very positive inside view of the program, will be published in the Spring 2008 edition of the EMS Chronicle. (See President's report)

The Training Tower is ready for use by industry partners including local volunteer fire departments, Garden City Fire Department, Aquila, SWAT Garden City Police Department, and the regional training for Kansas Fire and Rescue (KU). The tower will offer a variety of training experiences including: live fire training, rescue, rappelling, ventilation, forcible entry, self contained breathing apparatus; driver operator/pumper, incident command, and communications.

A walk through inspection of the Fire Tower was conducted October 25 and a walk through of the classroom building was conducted on November 6. Dick Construction is working on the few items noted. Once the buildings are completed and occupancy is given to the City of Garden City, the college will reimburse the city for the cost of the training room building (on the agenda for Board approval November 14) and the city will transfer ownership of both buildings to the college. An **agreement regarding the use and maintenance of the buildings** has been drafted by Randy Grisell. The agreement is included in the November Board packet and is on the agenda for Board approval

The training will meet NFPA 1001 (National Fire Protection Association) Standards for Firefighter Professional Qualifications. Aquila will use the facility once a year for their regional

training. Traditional students will use the facility for Fire Fighter I/II, Driver Operator, and Tech Rescue classes. The use of the Training Tower will be scheduled through the Department of Public Safety on a first come first served basis as long as the requested time does not interfere with GCCC or GCFD scheduled training.

Cosmetology students took 1st and 3rd place in the 2007 SmartStyle Star Gazing contest which required that the students select a model and design make-up, costume and hairstyle to create a "look alike" Hollywood star. The contest required students to work in teams, write a description of the process and products used to create their star, and make an oral presentation to the audience and the judges while their star modeled their "star appearance". Students agreed that they not only learned a lot but had fun as well!

Over **700** students have outstanding balances on their accounts. A hold has been placed on their account and they will not be allowed to enroll in Spring 08 classes unless the accounts are paid in full or they have met with the Dean of Administrative Services to make payment arrangements. A list of students with outstanding balances was given to Financial Aid so they could contact students with incomplete financial aid files.

Processes to close the **FY07 budget year have been completed**. Final entries were made into Datatel and fixed asset documentation was given to the auditor. Business Office staff met with the auditor to go over questions and finalize the field work for the audit. There are a few items left to be completed before the audit is finalized. The final audit will be presented to the Board of Trustees at the December board meeting.

Budgets were set up for the following new grants; **Title V, Perkins Reserve Fund, El Civics, and IME Becas.** Training sessions were offered to college staff on travel procedures, purchasing procedures and budget reports.

The switchboard answered **2,389 daytime calls and 308 evening calls**. First class postage was \$5,355.06 for 9,972 pieces of mail. Bulk mailings were processed for Football, Business & Industry, Adjunct instructors, Baseball and Continuing Education/Community Service.

Central Services completed 574 copy center requests and over 100 print jobs. **Printing requests included** Exploration Day flyers, Financial Aid Scholarship books, Admissions flyers, Ammonia manuals, Tuba Christmas flyers and Economic Symposium brochures. Spring line schedules were also printed. Over 351,000 printing impressions were made during the month.

Phase II of the **Central Plant Hot Water Loop Project** is 90% complete. The new lines are now being tested. Discussion of the final phase of this project will be scheduled with Bob Kreutzer of Tatro Plumbing...

Aquila contacted the college regarding the installation of a fire pit north of the Fire Tower. They would like to install an **in-ground pit for training on natural gas fires**. The college would have access to the fire pit as part of Fire Science training. Details of the arrangement are being discussed and a final agreement will be presented to the Board for approval.

Repairs to the **Fine Arts upper roof** are complete. The damage was the result of the storm on August 21. Insurance paid for the damage caused by the storm. The college took advantage of the insurance payment and replaced portions of the roof rather than simply make repairs.

Marty Sigwing prepared the RFP and solicited bids for the construction of the **Cox Media Center Project.** Bids have been received. Now that Marty is no longer available to oversee the project, the details of the project are being reviewed prior to awarding bids.

Ryan Ruda, Director of Counseling & Advising, Cathy McKinley, Director of Human Resources, and Dee Wigner, Dean of Administrative Services meet weekly as **the Crisis Response team.** Items being discussed are notification systems, threat assessment procedures, building lockdowns and emergency response access to buildings.

An agreement with TeleFlip Inc. is being considered. TeleFlip is a **cell phone messaging service**. It is a voluntary service. The only charge to the individual would be the cost of an incoming text message, if applicable. There is no charge to the college. Once an individual is registered, a college administrator can send messages through TeleFlip to that individual via email and/or text message. The notification system would be used for emergencies only such as, unscheduled school closings, weather warnings or emergency situations.

After the Virginia Tech shooting, many realized there were indications that the student involved was unstable. The GCCC Crisis Response Team is working on a procedure for reporting possible threats. A **Threat Assessment Form** is being developed as a way of gathering information from various sources to determine if a potential threat does exist.

Dallas Crist, Payroll Coordinator, Cathy McKinley and Dee Wigner recently attended presentations on the **new 403 (b) regulations**. Although the new regulations do not take effect until January 1, 2009, rules regarding transfers began September 29, 2007. The new regulations require development of plan documents, provider agreements, employee notifications and fund transfer tracking. The college will work with American Fidelity Assurance and TIAA-Cref to assure our 403(b) retirement plan and procedures are in compliance with new regulations.

The IT Department continues to work on the **Endowment Association conversion from Benefactor to Datatel Colleague Advancement.** The process which began this summer is expected to be completed in the spring of 2008. The most recent Datatel software updates have been tested and entered into Production. Data backup processes have been tested.

Research and discussion continues regarding **wireless connectivity on campus**, data storage, and data disaster recovery. IT staff developed numerous computer reports as a result of requests from staff. Several issues have been resolved including those regarding cash receipt balances and line schedule synonym issues.

Image Now (scanning) stations are being installed as time allows. A virtual machine was created in the Finnup Lab so that older office software can be taught. Work continues on the Anti-Plagiarism software for faculty and students.

Dev Sammanasu, Network Manager, has been monitoring activity on the college network and maintaining event logs to assess possible upgrades and modifications to enhance the system.

Discussions have begun regarding the **event planning/scheduling software** in Datatel. The college is currently using a stand alone Event Management System (EMS) for room scheduling. A committee has been meeting regularly to discuss streamlining the process for room reservations, room set up and event planning.

Student Support Services (SSS) has purchased an on-line tutoring service called **Smarthinking.** Smarthinking is staffed by trained and qualified e-tutors. Most of the e-tutors are instructors and professors at other colleges and universities. Students in the SSS program are given a sign in and password. After they have registered for the service, SSS students are able to access a live tutor from any computer with connections to the internet. Smarthinking provides e-tutoring in English, Science, Business, Mathematics, and Spanish. Many of the subjects are available 24 hours a day seven days a week. We are excited to have this service to offer to students who may need to access tutoring services when our SSS Success Lab or the Comprehensive Learning Center are not open.

The Student Support Services program held its October **Lunch & Learn** last Wednesday. At these Lunch & Learn activities, SSS participants sit down and eat lunch while a presenter (usually a faculty member) talks to them about some aspect of student success. Leslie Foster spoke to students at last month's event about math anxiety and how to take steps to overcome it. Approximately thirty-five people attended compared to twenty-five that are usually expected. The September Lunch & Learn was also well-attended so plans will be made to accommodate more people at future events.

Maria Espinosa, Educational Talent Search student, has a **\$6000 scholarship** offer from Kendall College in Chicago for a Pastry and Baking Degree!

Twenty-four Educational Talent Search (ETS) students and five sponsors participated in the **MAEOPP Leadership Con**ference at Pheasant Run outside of Chicago for 3 days. There were over 420 students from a 10 state area in attendance. Besides three main speakers, there were

breakout sessions with a variety of topics ranging from financial aid for college, Gates scholarships, developing leadership qualities, how to succeed in college. Long Tran and Ivon Damien gave their original poems about TRiO connections in the spoken word contest. Brandy Seibert, Janet Huerta and Shannon McNeil all gave excellent speeches in the oratory contest. Maria Espinosa and Vanessa Rodriguez serviced as Student Volunteers. All students also attended the college fair which had admission representatives from colleges and universities across the 10 state region.

The twenty-four ETS students in the "Leadership under Construction" Class went to Chicago a day early to visit colleges with majors in their particular career interest. Each student completed two college visits. The schools visited were: Kendall College; Columbia College, Art Institute of Chicago, University of Illinois at Chicago and Illinois Institute of Technology. Cultural activities included the top of the Sears Tower, a brief visit to Navy Pier and the Magnificent Mile, Hershey's of Chicago and the Field Museum of Natural History, Union Station and learning to navigate the "EL" (subway) and city bus system. During the 15 hour train ride to and from Chicago, the students studied in the observation car and enjoyed their meals in the snack bar or the dining car. Although we all had "train legs" for at least a day after the trip, it was a first time train ride for students and several of the staff members.

A three student team **won best of contest for a new program** with their website design entitled "Virtual Surgery" in the TROo Think Quest Contest sponsored by University of Washington. It was the first time the students from GCCC Educational Talent Search had entered the contest and for many of the students on the four teams, it was the first time they had access to Dreamweaver, and other programs to build a website. The winning team was Brandy Seibert, Noe Garcia and Khahn Ho. Other teams included: "Modern Fashion" with Long Tran, Maria Espinosa, Adeline Morales; "Against Animal Abuse" Christian Casados & Michelle Hernandez

Long Tran is a semifinalist in the **Photo Essay Contest** sponsored by the University of Washington. His essay was on "Tears" and his photo was original.

Scott Good of the IT department is mentoring Brandy Seibert for her Buff Project as she **builds 5 computers to sell.** She plans to donate the money to charity.

Scott County Extension hosted a breast cancer awareness program with over 90 women attending at **Bryan Education Center.** The Extension also hosted its monthly lunch n learn program with 7 attending and 1 presenter. The center partnered with Allied Health and the Prevention Center to host a booth at the annual Scott County Wellness Fair. Over 700 people attended the fair and 109 registered for our booth's door prize drawing. KPERS held their fall training workshop with 15 attending and 3 presenters. Scott Community High School used the center for testing purposes throughout the month. 148 students were tested with 4 administrators. ACT was administered with 20 students and 2 administrators. Two other organizations used the center for meetings, with 21 participants and \$20 in fees. The director participated in the Endowment Association phonathon as well as in an advisor training session on the GCCC campus.

A great highlight for the fall was the beginning of the **Career Skills series**. Communications in the workplace was the main feature in the first of the classes which began earlier in the month. We had 25 attend and are still getting calls. The second class on workplace effectiveness went great as well. The classes are offered twice each; at 11:00 am -1:00 pm or 6:00 pm -8:00 pm. The last of the two courses on Business Etiquette and Work Habits took place in October with

similar numbers in attendance. Finney County Economic Development Corporation is the cosponsor by delivering half of the presentations. This series will be an on-going rotation on the quarterly schedule; also, it will be delivered as contract training to individual businesses as requested.

We partnered with Finney County Economic Development, Kansas Department of Commerce, and the Chamber of Commerce to **host a job fair in September**. Forty business vendors participated, offering widely varied career opportunities. Job seekers were offered the convenient hours of 1:00 pm - 7:00 pm to visit with employers. Resume writing and interview tips sessions were presented throughout the day with 12 people attending, plus they could go to the wireless laptop lab and apply for jobs if desired.

CDL exam preparation in Spanish trained 7 individuals and we already have a waiting list expecting to run it again in November. Lastly, 3 different short-term computer software classes took place training 20 individuals.

October saw nearly full classes for Excel Intermediate and Quickbooks Advanced. A class hasn't "made" for Access in a long time, however was nearly full as well. Lastly, we attended a **listening tour session** in Holcomb and following up with Leoti on their request for Spanish.

Project Destiny continues to work closely with the Bryan Education Center in Scott City providing educational opportunities to migrant and seasonal workers. We are also working with Mark Campos, USD 466, to distribute information on the High School Equivalency Program. The next orientation for new students in Scott City is Jan. 7th at 6 p.m.

In Ulysses, we continue to work with Mary Queen of Peace Catholic Church where we are holding a class of 32 students. We have plans to open an extra day of instruction beginning Jan. 8th.

In Garden City, we are working with the Cosmetology Dept. and Public Relations Office on campus to design Spanish ads for classes and activities next semester.

We continue to recruit participants for the project in all our sites and holding math workshops on campus every Saturdays for area students.

Personal Enrichment classes have been going along great! Record enrollments have been coming in for classes in October, November and December. October started out slowly with the cancellation of two classes but then took off after that. We had a record 17 people in Selling on eBay and now have a waiting list of 4 people that would like to be notified when we will hold another class. We followed the eBay class with What Wines, which had 6 people and Beginning Computers which had 6 as well. October also saw the start of the Jewelry classes taught by Jan Beckett. Starting with a Beginning Jewelry class, we had 8 participants and by the 18th of October all of the remaining Jewelry classes were full with waitlists for all classes.

Also in October we sent out a survey to 394 people in the community asking what kinds of classes they would like to take. After analysis, we will implement as many of those suggestions as we can for the spring 2008 schedule.

The **Broncbuster Senior club** has been active as well. We had 8 people participate in the Senior Jewelry making class on October 18 and on October 24 we started up the STEPS program again.

Two new instructors are working with 10 seniors in this partnership with Holcomb Rec and the Western Kansas Community Foundation.

College for Life (partnership with Mosaic) has been going strong. We held a Just Desserts class and had 5 participants that thoroughly enjoyed making sweets. An art class is scheduled for November.

Community Services is looking to partner with the Adult Learning Center **to implement an adult educational outreach program specifically for Spanish speakers**. The program is a video series that features essential tools for living and working successfully in the United States.

FCYP (Finney County Young Professionals) has been busy as well. On October 9 a business meeting was held to update members about upcoming activities. We have successfully planned the next six months and are considering implementing by-laws. We did have our princesses out at Boo at the Zoo to entertain the kiddos and pass out candy. Needless to say, by 7:30 we were out of candy and had to pack up, but a fun time was had by all. October has been a busy month and November promises to be as well. We look forward to classes filling up all month long!

Kansas Small Business Development Center hired Mark Buckley as our new GCCC KSBDC consultant in Greensburg; co-sponsored Kansas Department of Revenue tax seminars in Liberal, Dodge City and Garden City

Transition to the college is the name of the game for the students and staff of the Adult Learning Center. GCCC admissions and financial aid staff have provided information to GED students on several occasions and have schedule special tours for students to meet with instructors in areas of interest. On Sunday, November 18th, the first **GED College Goal Sunday** will be held. Over 80 students who have passed the GED tests since May and who are testing yet this fall have been invited to attend. Linda Miller, as the new transition career advisor, funded through the one time Perkins Reserve money, will aid in these efforts.

Nikki Geier and Kathy Blau visited with nine **GED students** on the evening of Monday, October 29, about Admissions and Financial Aid. Nikki gave the students a tour of campus and said that the group seemed very enthusiastic about future opportunities at GCCC.

The GCCC Adult Learning Center will also be part of the **Kansas Board of Regents "Next Step"** program. The intent of the grant is to improve the level of instruction in the GED program, through intensive staff development, which will increase the likelihood of student success when they transition to college classes.

Grounds Department

The Grounds Department consists of 3 full-time employees, one part-time employee and numerous seasonal employees. Mike Cruz, Grounds Supervisor, oversees the department. This past year, Abby Munoz resigned and Anthony Bennett was hired as his replacement. The department is currently looking for a temporary replacement for Ron George whose National Guard Unit was activated for training for deployment to Iraq. The part-time groundskeeper is assigned to the Williams Stadium. Currently, this position is held by Matt Parker, who also serves as an Assistant Baseball Coach.

The Grounds Department has many responsibilities on campus. In addition to landscaping, watering and mowing, the department maintains equipment, the irrigation system, the parking lots and provides ice and snow removal during the winter months. The department also assists the maintenance department with work orders and provides manpower on large projects such as remodeling.

The Grounds Supervisor is responsible for supervising staff, overseeing the budget, maintaining the irrigation wells and preparing required reports for the Kansas Division of Water Resources.

After several meetings with representatives from USD 457, the City of Garden City and the Garden City Recreation Commission, an agreement was reached on the use of Tangeman Field complex. THE ECONOMICS OF IMMIGRATION

Here's a sampling of what students, faculty, and community leaders had to say about *GCCC*'s first economic symposium in 2006:

From students

THE ECONOMICS OF IMMIGRATION

Why am I needed?

- For students of economics, the classroom can provide theory. But only experience can show how economic realities affect everyday life, or how we use the knowledge every day.
- This is where you come in!
 - You have the experience!
 - You have the knowledge of what today's issues mean!
 - You understand how the community benefits!
 - You understand the challenges communities face!
- You're invited to join in small round-table sessions attended by students and sprinkled with economics faculty and other community leaders, such as yourself. Your presence provides invaluable personal experience that young students lack.

But I don't know anything about economics!

 All round-table sessions will also include economics instructors to handle that hard-core supply and demand stuff so don't worry if you've never had an econ course in your life!

When?

April 11 & 12, 2008

What is my the commitment?

We're asking volunteers to be available from 5:30 p.m. to the close of activities (roughly 9:15/9:30) on Friday, and from 9:30a.m. to 5:00p.m. on Saturday.

If you can only be present one day, let us know. Your talents can still be used and will still be very much appreciated!

Who else will be there?

- Students from all 19 Kansas community colleges.
- Economics faculty members from all 19 Kansas community colleges.
- Students and faculty from Lamar & Otero Community Colleges in Colorado.

So You Want To Be a Paramedic A View from the Students Perspective

When you are thinking about becoming a paramedic there are several sources of advice that a potential student can access. One of the best sources of information about a program and how they feel about paramedic school is from current paramedic students. Garden City Community College's current paramedic class, slated to graduate in December of 2007, took time from the frantic schedule of a paramedic student to give you their perspective

"I have been part of the Garden City Community College Paramedic program since January 2007," says Rhonda McDowall of Dighton. "I cannot say that it has been easy, because it has not. There was a lot to learn in a very short amount of time and I quickly learned that I had to study much more than I had expected. It has not been all bad", she continues. I have become very close to my four other classmates and we have become a family and I really believe that if it was not for them, I would have quit the program a long time ago."

According to Wally Brannen of Garden City, "MICT program translated into one word would be study, study, study. During medical emergencies I was completely unaware of the amount of knowledge I had to absorb. I truly didn't know if I would make it. My first test wasn't what you would call spectacular...as a matter of fact, it was horrible." "Jared Bogard was the instructor of that section," Brannen continues. "He is like a human medical textbook. I felt that his expectations for us were semi-unreachable. With that said, I pushed myself harder than I ever had in any other class I have taken, and I thank him for that. He was a great instructor with bringing the information across," said Brannen. Torre Parcel of Meade reiterated Brannen's sentiment, "After discussions on the major issues of the program, I felt that the class would be an easy certification. However, that would soon come to an end as I realized that I would have to work and study hard to maintain the grades I desired."

Even though the faculty set high standards, the students felt that the instructors helped them to reach those standards. Louis Schmidt of Montezuma recalls this aspect of the class, "Cardiology was a fun and information filled part of the class. Some of the learning progress was aided by some fun activities to help keep us awake and give us some outside air and exercise." Parcel had this to say about the faculty, "The instructors show a sincere interest in helping their students succeed and are willing to put forth that extra effort to make sure it happens for all students in the program, not just one." McDowall mirrored this statement, "…instructors have been much more helpful and actually seemed to want to be there and guide us."

Fellow student and Garden City resident Kenny Smith echoes Brannen's sentiments. "The program has exceeded my expectations mentally and physically. I have had opportunities in this class that I know I would not have gotten elsewhere. I thank the staff and the institutions that have helped me grow into the MICT that I will become." he said.

The students had many and varied clinical and field experiences. "Kansas Heart Hospital was by far the most fascinating and mind boggling experience," observed Brannen. "Being able to watch an open heart surgery with an aortic valve replacement was unbelievable. The staff at Kansas Heart was great. They treated us with open arms and always kept us busy and constantly learning something new," he continued. "Either it was about a new medication, a specific type of surgery, a specific type of treatment or just learning something new about ourselves. It was an experience that I

wouldn't trade for anything," he concluded. About the internship, McDowall had this to say, "As we moved into our clinicals and field internship, we finally got to put what we spent the previous months learning into practice. It has been a hard year, but the end result is worth it all.

Earlier McDowall had commented on the concept of her classmates as family. Parcel was to realize how true that was as he faced a family crisis, but not alone. "One remarkable aspect that I will always remember is the director of the department and the lead instructor as well as my fellow classmates went above and beyond the call of duty to help each other out. The one thing that stands out the most was when my father suddenly passed away in September. They were there to support and help me out through the hardship. Through the program, you gain life long friendships that give encouragement to all involved to be the best you can be," he recalled.

What does the future hold for these students? Schmidt said, "Over all the paramedic program was a great experience and it was a long rewarding time. The learning is just getting started as we come to the end of the class, because the text book says one way, but that's not how it always presents in the street." Parcel summed it up best, "Garden City Community College is the best paramedic school to attend. Recommendations to Garden City's paramedic program are easy for me to make, as I strongly believe I will remember all that I have learned and begin my career in a positive manner."
