- **(D) Approval of 2021-2 Audit** (Supporting documents filed with official minutes)
- **(E) Tuition, Fees, Room and Board 2023 -24** President Ruda explained that the recommendations are based on analysis of data such as rates of the other Kansas community colleges, industry trends, and historical costs. We are recommending holding

tuition flat with no increase on any tuition structure. We are recommending a \$3 per credit hour increase in student fees. This increase will utilize \$2 of this increase to offset student scholarships and general student activities and increase new student scholarship opportunities for dual credit, alumni scholarships, and program scholarships available to students. The additional \$1 increase will be used to offset the cost of a new mental health and physical health resource, which will be made available to students. The Student Government Association fully supports and endorses the addition of this fee for the resource, which provides 24/7,365 access to fully licensed practitioners for enhancing the mental health and physical health available to students. (Supporting documents filed with official minutes)

Trustee Rupp reported that the FCEDC annual meeting was held January 26, here in the Logan Aviation Room. Dr. Hanigan presented a new development he is part of located behind the theater called the Sligo Station. It will contain office space and meeting areas on the first two floors and then have residential units on the top floors.

I attended the push-in ceremony for the Fire Department's new ladder truck and was told that this truck has a 100 ft. ladder that would cover the possible five stories that will be part of the Sligo Station. There have also been discussions with Newman University about bringing four yr. degree programs on several disciplines in G.C. There will be three meetings held tomorrow in room 1206 in the BTSC. I believe it was discussed that they would be located north of the college, possibly in the Sligo development.

In researching effective ways of advertising GCCC faculty and other professional position vacancies, a more affordable alternative emerged recently. We place our national position advertising with a leading website called HigherEdJobs.com, and now the HEJ site has added an additional service. When we place a 60-day vacancy posting we are now having the same advertisement e-mailed to approximately 142,000 professionals who have identified themselves as minority educators seeking employment. The e-mail message allows interested professionals to contact us directly, and it also includes a link to the HEJ site, which allows an interested applicant to navigate to the GCCC website and apply online.

The board receives monthly financial reports of the financial conditions of the college. In addition to a direct budget line report of revenues and expenses, the college has developed a summary page of revenue and expenses. This summary page provides a comparison to the previous year as well as a Year to Date % for tracking purposes. These reports provide an enhanced mechanism for direct board inspection and review of the financial conditions of the college. This aligns with being able to "Inspect what you Expect."

The college planning and budgeting process aligns to the four pillars of the strategic plan and collectively to the board ENDS. The four pillars of the strategic plan are:

- Student Success
- Institutional Partnerships
- Fiscal Solvency
- Sustainable Infrastructure

Within each of the four pillars are goals and strategies that further embed and correlate to the board ENDS. These embedded goals and strategies correspond to the college planning and budgeting process. Tying the annual planning and budgeting process to the college strategic plan and to the ENDS priorities creates a systematic and integrated planning process. The institution allocates resources in alignment with its mission and priorities, as identified through the college strategic plan and board ENDS.

To ensure that this process is in place and for evaluative purposes, the board receives an annual report in the fall semester which provides updates and transparency of progress made on the strategic plan. Additionally, each of the ENDS are reviewed and reported on to the board for transparency and verification that the board ENDS are being met and not compromised.

The college also has developed a robust Master facilities plan. Within this plan is historical information on each physical building along with timelines of updates and improvements which have been made to the buildings and grounds. Contained within the master facilities plan is a timeline of projects and deferred maintenance items which have been developed along with a timeline for reference. Funding of these projects and deferred maintenance is planned for annually so as to be mindful of addressing the integrity and longevity of campus, while also being mindful of budget planning.

Campus Safety & Healthy Campus Report

GCCC has purchased 125 on-line training licenses from the ALICE Training Institute for armed intruder training. This project will be initiated in March 2022 and will be coordinated by Campus Police. Building Emergency Leaders and key student organizations will be prioritized in the first phase of training. If interest is strong, Campus Police will request more on-line licenses in the next budget process. This endeavor is ongoing into early 2023.

In April 2022, Campus Police personnel attended Storm Spotter Training, which was hosted by Finney County Emergency Management.

During the months of October and November 2022, Campus Police is purchasing 8 additional emergency radios that will be used for campus building expansions and equipping additional college personnel. In February 2022, Campus Police Chief Dozier initiated a meeting with the Building Emergency Leaders of our campus. These meetings are held at least once per semester. We will meet again during the fall semester. Our goal is to enhance safety and communication efforts at Garden City Community College (GCCC), during emergencies and/or disasters. A Motorola radio is assigned to each of the buildings, with individual employees designated as primary points of contact. All others are designated as alternates or college leadership. Overall, the Emergency Communication System consists of 30 Motorola radios and over 40 employees. In March 2023, an additional four radios were purchased w/blue tooth ear pieces to assist campus police and athletics personnel with loud crowd noise.

New lights are being installed on campus. Additionally, Campus Police assists the Facilities/Maintenance team with a periodic inspection of the campus lighting. This inspection is scheduled monthly, and the results are sent to the Dean of Physical Planning and Facilities Management for review. The Dean then schedules the rental of a lift truck, and the lighting is repaired and/or bulbs are replaced. Also, Campus Police assist with periodic inspections of the automatic door access in all buildings. Work orders are initiated on all doors with malfunctions.

The RAVE Emergency Notification System was tested on September 9, 2022. Test notifications were sent out to students, faculty & staff through cell phones calls, texts, and e-mail messages.

Chief Dozier has recommended that employees in all buildings take at least one hour during inservice week to discuss safety issues on campus. Dr. Ruda approved this suggestion and encourages leaders across campus to initiate this measure. Campus police personnel are available to facilitate discussions and to assist whenever necessary.

In December 2022, GCCC sent three employees to ALICE Armed Intruder Instructor Training. These instructors are already in the process of offering tailored sessions for college instructors and students. Additionally, they are scheduling safety assessments with personnel in our campus buildings.

In January 2023, the GCCC Cabinet and other key personnel attended Incident Command/National Incident Management System Training provided by Kansas Emergency Management.

### TRIO Student Support Services Update 2.16.23

On March 2<sup>nd</sup>, 24 SSS students gathered at 5 AM to begin our 2-day adventure west. Our first stop was at Wichita State University. Students were given a wealth of information about the transfer process, financial aid, especially scholarship opportunities, and academic expectations for their specified major. We toured the campus and had lunch at the student union. Then, we headed to Kansas City and attended the theatre production of Six. The tickets were provided by The American Theatre Guild through their Staging the Future program. We were excited to have this opportunity, as many of our students lack their peers' cultural capital. The next day, students attended Destination KU at the University of Kansas. Again, students learned about their opportunities there and how to navigate the application process. It was a great trip!

SSS advisors presented a workshop on time management and organization on March 7<sup>th</sup>. Ten students attended, and their feedback was positive.

On 3/9, we submitted our program's 2021-2022 Annual Performance Report to the Department of Education. Our grant numbers were met, as well as our objectives:

We have two trips to Fort Hays State University planned. On March 23<sup>rd,</sup> students can attend Shadow Day and "be an FHSU student for a day," and on March 31<sup>st</sup>-April 1<sup>st</sup>, they can attend the Ad Adstra Conference, which brings first-generation students from across Kansas together "for a common experience with a desired outcome of greater persistence to graduation and a better prepared Kansas Workforce.
